29th of January 2019

Dear Mr. Habibullah Neyamul Karim,

Confirmation to serve as Bangladesh Chapter of International Blockchain Olympiad

On behalf of the Hong Kong Blockchain Society (HKBCS), I would like to confirm Blockchain Olympiad Bangladesh (BCOLBD) to serve as the official organizing committee of the Bangladesh Chapter of International Blockchain Olympiad Bangladesh (IBCOL) for the 2020 term, terminating on the 31st of August 2020.

The International Blockchain Olympiad (IBCOL) invites current and recent students to solve real-world problems with decentralized applications, built with blockchain or distributed ledger technology. Contestants define their own problem scopes and develop plans to solve it, and are expected to submit a whitepaper proposing their solution, culminating with a poster-board presentation and a pitch presentation. IBCOL 2020 is held in Hong Kong this July and is managed by HKBCS.

BD-BCOL is the official entity responsible for representing Bangladesh at IBCOL and exclusive representative of IBCOL in Bangladesh. Besides liaising with local educational institutions in Bangladesh, the BD-BCOL 2020 committee shall select up to 12 teams to represent Bangladesh for IBCOL 2020.

As coordinator of BD-BCOL, you will be offering your time and professional experiences to further the mission of IBCOL to promote blockchain education. To accept this invitation, please reply to the accompanying email or send a message to info@hkbc.org

Should you have any questions, please feel free to reach out to me at any time via my phone (+852 9411 9249) or email (dr.ma@hkbc.org).

Sincerely,

Dr. Lawrence Ma
President, HKBCS
